

VHF Marine Radio Licence Certificate Course.

The approaching winter off season is a great time for all sailors, patrol boat crews , volunteers and staff to get qualified and LEGAL!!!

It is a legal requirement that operators of VHF marine radios are QUALIFIED.
(There is an exemption for use in emergency situations.)

The New AWQ VHF Marine Radio Certificate will be conducted at Mornington Yacht Club on Tuesday 20th September at 6pm to 9pm.

MYC Member price is just **\$125pp** (normal price \$145)

The New AWQ VHF Marine Radio Certificate was introduced by the Australian Media and Communications Authority (AMCA), as a simplified qualification for coastal operators of VHF Marine Radios.

The course consists of:

- The three hour course is theory and “hands on” use of radios followed by two tests.
- A multiple choice theory test and a practical test using the radios.
- On successfully completing both tests, a certificate and card are issued on the night.
