

PENINSULA HOME HOSPICE

## *Mornington Auxiliary Light Luncheon*

*With guest speaker Mr Adrian Dickens  
who will speak about The Duchess of  
Windsor and her other love—jewellery.*

The Duchess of Windsor Collection reached the highest world record for a single-owner jewellery sale ever conducted. Ever! This royal assemblage on the list of famous collections was originally sold in 1987, by Sotheby's in Geneva for the record price of \$53.5 million dollars. The Duchess of Windsor jewels was unique for the record price they sold, and because they grew out of the most controversial love story of modern times.

*Friday March 24th  
Starts 10.30am*
