Big Thanks to On Water Crew

As the season draws to a close it seems appropriate to acknowledge the efforts of our volunteers who make our race days possible, both in the tower and on the water. A big thank you to all skippers and crew that have helped out during the year and all the regulars that form part of the race crew. Special thanks to Graham Alexander and crew who have put their own sailing on hold recently to help out on the water.

Targeting Keelboat Sailors who may want to learn to cruise or race beyond the limits of Port Phillip Bay

Go out 'Beyond the Bay' and 'Live the dream, with confidence'

The "Beyond the Bay" program is:

A series of educational evening sessions and supervised weekend events providing participants with the opportunity, knowledge and support needed to travel beyond Port Philip Bay (or beyond any inland waterway for that matter).

We know a lot of boat owners have extremely capable boats, as well as the dream of cruising the Australian Coast. There are also many people who do not own a boat but would love to crew on such a journey. We think it is usually a combination of the lack of opportunity, the lack of knowledge and the lack of confidence which holds them back.

The Ocean Racing Club of Victoria has the skills, the experience and the opportunity to meet those needs.

And who knows, you may just like it enough to come ocean racing.
