Hi everyone, Tuesday 4th June 2013
With the race results going quiet over winter, today's Tattler is all about Social happenings at MYC!

Sundays Presentation Day was made truly memorable through the announcement by Rear Commodore Graeme Alexander of the naming of MYC's award winning Sailing School to the 'Max Rodd & Bill Turner Sailing School'.

Heartfelt speeches by Graeme, past Commodore Andy Whitbourne, Tim Dixon and Chris Jackson had those present captivated with the stories of their childhood experiences as junior members under the watchful eye of both Max and Bill. A show of hands also identified a significant number of members who had learnt with these two gentlemen and have remained in the sport and at the Club since then.

Michelle Pickford talked about the current structure, the future direction and opportunities offered by the School.

Nan Rodd also spoke to the audience, sharing more stories and expanding on the rich and colorful history of the early years at MYC.

Commodore Greg Martin finally asked Nan Rodd and Bill Turner to unveil the new Sailing School sign in front of their families and the membership - and so another new phase of our 'history rich' Sailing School began...and watched on as Presentation day unfolded - commencing with the awarding of trophies to our current junior fleet....(written by Steve Bolton)
