Hi everyone,

Tuesday 23rd April 13

Friday nights have definitely taken over from Thursdays with the MYC bar and deck humming as members gather to unwind after the working week and enjoy the camaraderie of our club. This Friday is even more special with Mornington's finest preparing culinary delights for members for a mere \$20 for adults and \$12 for kids. The menu looks spectacular even catering for those of us who prefer vegetarian food. It would be appreciated if you could let Sarah know by Wednesday if you plan to dine at the club as our chefs need to know how many to cater for.

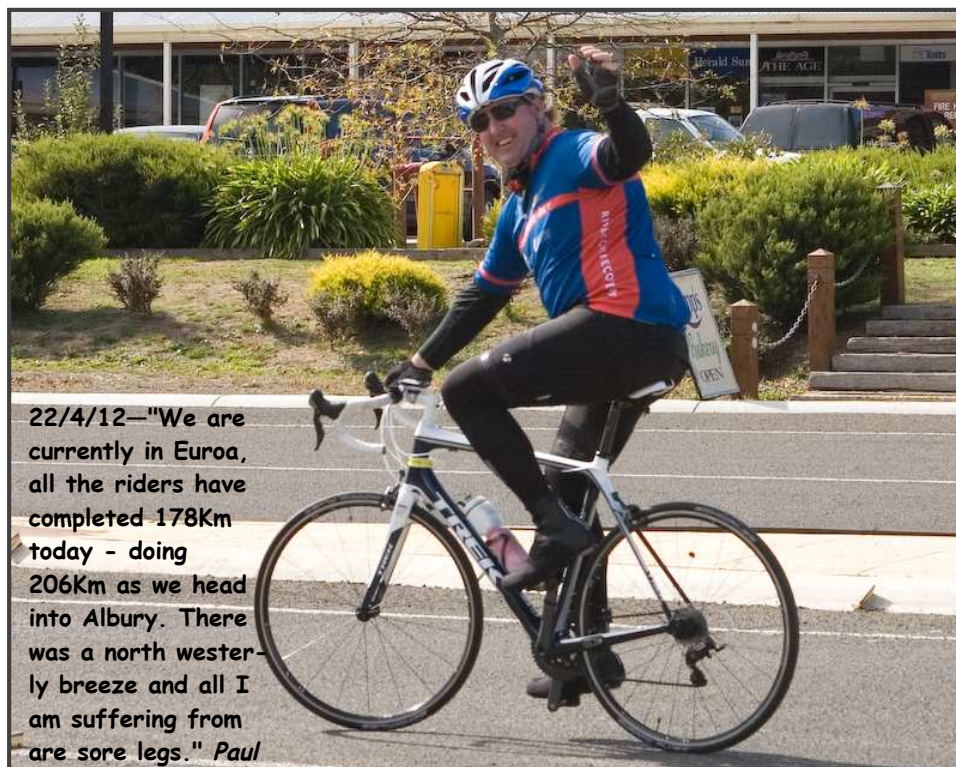

The biggest thing that is happening around MYC this week is **Paul Dynes** ride to Sydney to raise funds for people recovering from blood cancer. As you all know Paul is a picture of healthy living often mentioned when talking of elite athletes! Paul, when in peak condition would be a rippling 85 kgs. Knowing a ride to Sydney required a little more reserve; Paul has taken on extra carbs [both kinds Carlton & VB] to get that awesome body up to a not so rippling 112kg over the last few years! A ride like this takes preparation and training so two weeks ago Paul realized he needed a bike. With that covered he rode to Wonthaggi to tone those muscles. Not sure if he rode back or got the bus. I spoke to Paul last night and after two days he had reached Albury & was still on his feet, probably because he is too sore to sit... It is a great effort for a great cause and Paul's en-

thusiasm and fortitude should be admired. It would be great to see MYC members get behind Paul and show their generosity. MYC seems to have more than it's fair share of cancer sufferers so this cause is fairly close to home for many of us. Here is the link to donate:

22/4/12—"We are currently in Euroa, all the riders have completed 178Km today - doing 206Km as we head into Albury. There was a north westerly breeze and all I am suffering from are sore legs." Paul
